- ✓ Complementary **SkinCare** assortment to help prevent skin irritation
- ✓ Complementary patient care products ranging **from gloves and disinfectants to bibs and aprons**
- ✓ **European market leader** in nursing homes*

* Expert Estimate 2020

MoliCare® Premium Form STOOL

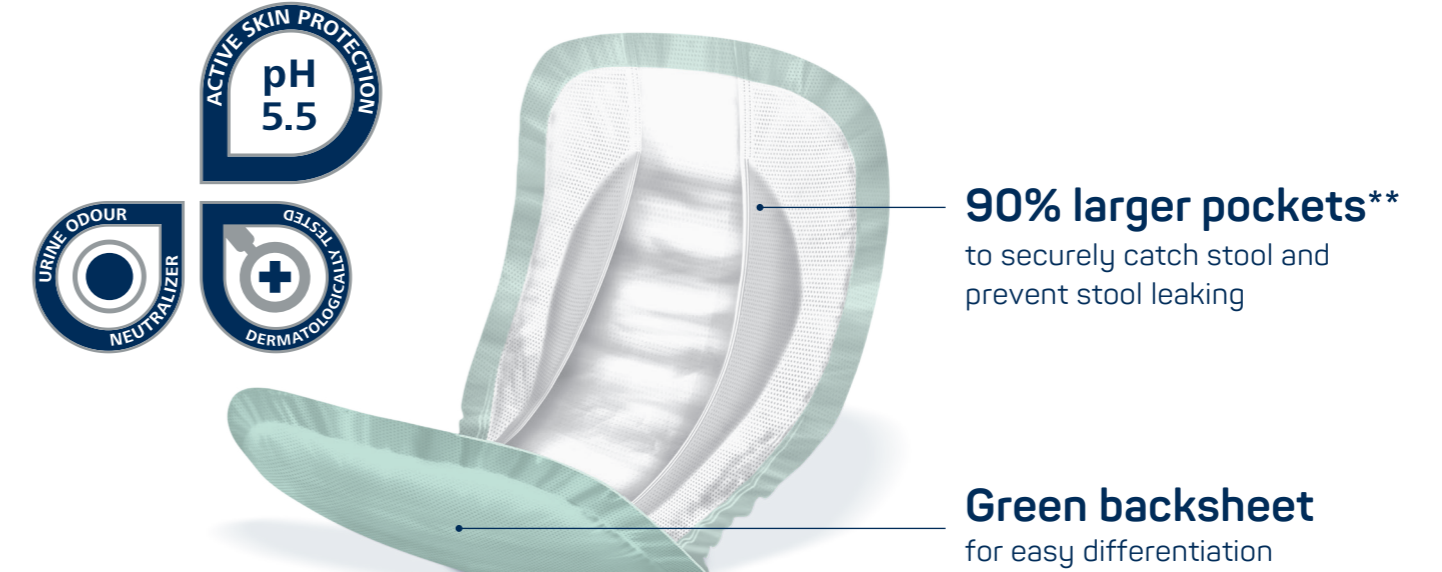

Advanced protection for faecal incontinence.

Around 1 out of 100 adults over 40 years suffer from faecal incontinence in the total population*, but it can become a serious problem in nursing homes. A diarrhea outbreak significantly increases the bed changes

caused by soiling and the cost of care in people and materials. **MoliCare® Premium Form STOOL** has been developed to manage this type of incontinence.

NEW

MoliCare® Premium Form STOOL

Good to know

MoliCare® Premium Form STOOL is also suitable for residents with a catheter. Its design and relatively low absorbency are an ideal and cost-effective safety net, should the catheter move and urine escape.

The expert recommendation

1. Gently lift even encrusted stool from the skin with MoliCare® Skin Cleansing foam
2. Clean all areas conveniently with MoliCare® Skin Moist skin care tissues
3. Enhance the skin's own barrier function with MoliCare® Skin Barrier cream

360° skin care: MoliCare® Skin

MoliCare® is dedicated to offering solutions for all incontinence issues. This includes Incontinence Associated Dermatitis (IAD), an inflammation of the skin that develops from chronic exposure to urine or liquid stool. The challenge for nursing homes: 80% of their residents are or will be affected by

incontinence and 50% of them may suffer from IAD*. We developed MoliCare® Skin as a complete cleanse, protect and care solution for compromised and ageing skin. In combination with our incontinence pads and pants, it helps to prevent skin irritations.

Clean

MoliCare® Skin Clean products

With a **pH balanced** formula and water-free application which helps to preserve the protective acid mantle of the skin. The useful alternative to cleansing with water.
